COMPLIANCE WITH RESIDENTIAL FOOD WASTE MANDATE SB 1383 & TRASH-RELATED REMINDERS

On Tuesday, May 16th, existing 64-gallon green trash barrels currently used by University Glen homeowners will be replaced with 64-gallon black trash bins and 32-gallon food waste barrels will be added to each house.

Homeowners are encouraged to familiarize themselves with the following guidelines in advance of the rollout of University Glen’s SB 1383 compliance efforts: https://ejharrison.com/organics-waste-guidelines/.

Please be reminded that trash and recycling are picked up starting at 7:00 a.m. on Tuesdays and homeowners are required to put away their trash and recycle bins by Wednesday. **No trash bins should be left in the alleys.**

Please be further reminded that your CAM fees pay E.J. Harris for one “oversized item” haul each year. If you would like to arrange an oversized item(s) haul, call EJ Harrison at 805-647-1414 and ask for Dispatch.

CONSERVE WATER TO SAVE MONEY!

Please be reminded that water consumption has a direct impact on the UGCAM Budget. Unanticipated increases to University Glen’s potable water and sewer rates are causing deficits in the FY 2023-24 Budget. Residents are encouraged to reduce consumption of potable water to help reduce the amount homeowners will pay out-of-pocket when the FY 2022-23 UGCAM Budget is reconciled by September 2023.

COMMUNITY HERB GARDEN

April showers has brought May... herbs!

UGlen residents are welcome to responsibly harvest from inside the Community Garden oregano, rosemary, mint, chives, sage and/or any of the other herbs our community gardeners have planted.

WILDLANDS FIREFIGHTING IN CI PARK – Wednesday, May 24, 2023

FYI, Ventura County Fire will be practicing wildlands firefighting in CI Park with a morning and afternoon session involving personnel, engines and a helicopter.

UPCOMING HOMEOWNER ADVISORY COUNCIL ELECTIONS - June – July 2023

The Homeowners Advisory Council (HAC) is a volunteer group charged with maintaining the aesthetics of the community and addressing issues of community concern. The HAC is comprised of five members who serve different overlapping, two-year terms so that not all of the members’ terms expire in the same year. The term of three of the five members will expire this June. If you’re interested in running for one of the open spots, please contact UGCAM for information about the deadlines for candidate statements etc., and be on the lookout for more information in the coming weeks.
